

The Advisor PACT Monthly Session™

February 16, 2016
Hosted by Mark Little

How much benefit do you want from today's session?

**Are you ready to be here
and **no place else?****

- Max Dixon

This online meeting system technology uses lots of memory & system resources, so please...

- ✓ Close your **email** program
- ✓ Close all **browsers**
- ✓ Close **all programs** on your computer other than this GoToWebinar system

Consider taking this attitude starting right now:

Something discussed today will be a significant positive **game-changer** for my business
I want to focus so I don't miss it

Question

I'm expecting alot from my Administrative Manager and my Subject Matter Expert.

How do you recommend I measure their performance?

Conduct The Expectations Conversation

With your AM & each SME
At least once **every** 4 months
(3 times per year)

Record **every** meeting

Schedule time to **prepare** prior to every “Expectations Conversation”

Come prepared with your file on the person:

Everything they've done **extraordinarily well** since the last meeting

Anything that **has not gone well** since the last meeting

TA: Complete The Key Performance Measures **in advance**

AM or SME: Complete The Key Performance Measures **in advance**

Open every
“Expectations Conversation”
with a confirmation of the
Implementation Objective

“Deliver an Extraordinary Experience to every Ideal Client”

The Project is to deliver Truly Comprehensive Financial Services™ to each Ideal Client through a skilled Deliverables Team of Subject Matter Experts in such a way that we are indispensable from our client's perspective

Your KPM Scores in each area **will be** different

The majority of the time will be invested discussing

- ✓ Why their score is **different** from yours
- ✓ Their plan to **advance** their score in each individual area over the next 4 months
- ✓ Discussion of how they feel the team, and they themselves, will increase value to Ideal Clients over the next 4 months

The Key Performance Measures **Format**

- +10 being best performance
- 0 being neutral performance (usually unacceptable)
- 10 being worst performance
